A well-designed beginner program emphasizes gradual learning, patience, and enjoyment—key ingredients for long-term success.

Choosing the Right Guitar: Acoustic vs. Electric

Before diving into lessons, selecting the appropriate guitar is essential. Your choice will influence your learning experience and enjoyment.

Acoustic Guitar

2. Cons: Requires an amplifier and cables, potentially more expensive upfront, might be intimidating for absolute beginners.

Tip: Visit a local music store and try both types. Comfort and personal preference are key, especially since you'll be practicing regularly.
