The Nature of the Myth in Cultural Context

The idea of Warhol marrying his daughter is likely an exaggerated or symbolic myth rather than a literal event. It could be interpreted as a reflection of the artist's complex relationship with identity, family, and societal norms. Alternatively, it might stem from misreadings of his art, which often dealt with themes of reproduction, identity, and the commodification of the self.

This artistic focus has sometimes been misinterpreted as autobiographical or as symbolic of hidden family secrets. This symbolism may have fueled rumors or conspiracy theories, but it is crucial to distinguish between artistic metaphor and literal reality.
